

Name: Geir Elvebakk

Tel: +47 41 41 74 11, **Fax:** +47 22 85 18 00

Address: Arctic Exploration AS, Stangnesveien 60, 9409 Harstad, Norway

Education: cand. real. 1984

Research areas:

- Hydrocarbon exploration of carbonates
- Seismic mapping of carbonates
- Geological and geophysical evaluation of carbonate reservoirs
- Polygonal network build-ups
- Seismic mapping of karst
- Onshore and offshore analogues of Upper Palaeozoic carbonates in the Arctic
- Carbonate facies, diagenesis and stable isotopic composition
- Core description
