

**Name:** Jeffrey J. Dravis

**Tel:** 1- (713) 667-9844, **Fax:** 1- (713) 667-9844

**Address:** Rice University, 4133 Tennyson, Houston, Texas 77005, USA

**Education:** B.S. (Geology, 1971; St. Mary's University, San Antonio, TX); M.S. (Marine Geology, 1977; Univ. of Miami, Florida); Ph D (Geology, 1980, Rice University, Houston)

---

**Research areas:**

Influence of paleogeography and trade winds on shallow-marine carbonate deposition (application of the Caicos Platform [southern Bahamas] models for reef and oolitic sand deposition, and off-bank sediment transportation.

Diagenesis and porosity evolution in limestone and dolostone reservoirs

Controls on deep-burial dissolution in limestones and dolostones.
