

**Name:** Lars Stemmerik

**Tel:** +45 3814 2728, **Fax:** +45 3814 2050

**Address:** Geological Survey of Denmark and Greenland (GEUS), Øster Voldgade 10, DK-1350 København K, Denmark

**Education:** Ph.d. 1986, D.Sc. 2001

---

### Research areas:

Palaeozoic carbonates in the Arctic (main focus on the Carboniferous and Permian in Greenland, Svalbard, offshore Barents Sea) – Integrated studies of stratigraphy, depositional processes, diagenesis, reservoir properties etc. based on field work, cores and seismic data combined with microfacies analysis.

Chalk in NW Europe – Stratigraphy, cyclicity and reservoir properties based on core and outcrop data.

*Palaeoaplysina* buildups, Bjørnøya    U. Carboniferous, North Greenland    L. Cretaceous, North Sea
